

Student Feedback On How the Course is Going So Far

STOP <i>In my teaching, what is happening that makes it more difficult for you to learn, or detracts from the learning experience?</i>	START <i>What element(s) missing from the class that would, if I included it, probably support or enhance your learning?</i>	CONTINUE <i>In my teaching, what is working well to help or support your learning and should be continued?</i>	CHANGE <i>What changes should be made in order to improve your learning?</i>
<p>Things to consider: articles, books, assignments, procedures, presentations, discussions, lectures, teacher activities, student behavior, class activities</p>			

What one thing could you do that would improve your learning experience in this class?
